Career Objective

Dynamic Computer Science Engineering student with strong foundations in software development and an evolving focus on Generative AI pipelines, AI agents, and systems optimization. Skilled in building scalable full-stack applications, optimizing database workflows, and leveraging machine learning techniques. Passionate about translating complex engineering logic into functional, high-performance solutions while mastering cutting-edge software paradigms.

Technical Skills

- Programming Languages:** C, C++, Java, Python, JavaScript, SQL, HTML5, CSS3
- Core CS Fundamentals:** Data Structures & Algorithms (DSA), Object-Oriented Programming (OOPs), Operating Systems (OS), Computer Networks (CN)
- AI/ML & Generative AI:** Machine Learning Fundamentals, Large Language Models (LLMs), Agentic AI, Retrieval-Augmented Generation (RAG), LangChain, LlamaIndex, OpenAI API, Model Prompting & Evaluation
- Frameworks & Backends:** React.js, Node.js, Express.js, FastAPI, Flask, RESTful APIs
- Databases & Cloud:** MySQL, MongoDB, Firebase, Vector Databases (ChromaDB), AWS (Basic Deployment)
- Tools & AI Productivity:** Git, GitHub, VS Code, Postman, Figma, GitHub Copilot, ChatGPT, Claude, Gemini, Ollama

Education

- Francis Xavier Engineering College** 2023 – Present
Bachelor of Engineering in Computer Science and Engineering — CGPA: 9.48
- Government Higher Secondary School** 2021 – 2023
Higher Secondary Certificate (HSC) — Percentage: 88.8%

Experience

- MERN Stack Developer Intern | Zidio Development** Jun 2025 – Jul 2025
- Developed 2+ full-stack applications using MongoDB, Express.js, React.js and Node.js.
 - Designed and integrated 5+ REST API endpoints for seamless frontend-backend communication.
 - Optimized backend queries, successfully reducing database data retrieval time by 30%.
 - Collaborated on a real-time Excel Analytics Dashboard for improved accessibility.
- Web Development Intern | InternPe** Jun 2025 – Jul 2025
- Developed 3+ interactive web applications using JavaScript, Firebase and REST APIs.
 - Achieved 98% mobile responsiveness across multiple devices.
 - Improved UI/UX and application performance.
 - Worked closely on RESTful API integration and client-side real-time data handling pipelines.
- Frontend Developer Intern | CodeAlpha** Jan 2025 – Feb 2025
- Developed 3+ responsive interfaces using HTML, CSS and JavaScript.
 - Built both static and dynamic webpages following modern frontend practices.
 - Enhanced responsiveness and cross-browser compatibility.
 - Improved user experience using reusable components.

- Designed 10+ UI screens and wireframes using Figma.
- Created prototypes following modern UI/UX principles.
- Applied design thinking concepts to improve usability.
- Collaborated on interface refinement and responsive layouts.

Projects

Crop Rotation Intelligence System (CRIS)

Tech Stack: React.js, Python, Flask, CatBoost, XGBoost, LightGBM, ESP32, IoT

- Developed an AI-driven crop recommendation platform using soil and environmental parameters.
- Implemented a stacking ensemble model combining CatBoost, XGBoost and LightGBM for improved prediction accuracy.
- Built a React.js frontend and Python backend for real-time crop advisory and monitoring.
- Integrated IoT sensor data and intelligent recommendation logic to support sustainable farming.

Digital Storytelling Platform

Tech Stack: MongoDB, Express.js, React.js, Node.js

- Developed a full-stack MERN application supporting 50+ dynamic story posts.
- Designed and implemented 10+ REST APIs for CRUD operations and content management.
- Built responsive interfaces and optimized database interactions for better performance.
- Integrated MongoDB for scalable data storage and user management.

Smart Street Lighting System

Tech Stack: ESP8266, Arduino, LDR Sensor, MOSFET

- Developed an IoT-based smart lighting system with automated street light control.
- Achieved approximately 40% energy savings through adaptive brightness mechanisms.
- Implemented motion detection and sensor-based automation for efficient power usage.
- Improved energy efficiency and reduced manual intervention.

Achievements & Research Contributions

- Awarded 2nd Prize in VISAI'26 Hackathon, organized by Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science and Technology, for solving a problem statement provided by Chennai Metro Rail Limited.
- Secured 1st Prize in Paper Presentation at EXCENTRA'24, Government College of Engineering, Tirunelveli.
- Awarded 2nd Prize in Paper Presentation at GYAN MITRA'25, Mepco Schlenk Engineering College, Sivakasi.
- Received the Jury Special Award at AURA'25 Internal Hackathon, Francis Xavier Engineering College.
- Published the research paper titled "Integrating Ethical Hacking Strategies into Cybersecurity Incident Response: Swift Detection and Effective Mitigation" in the International Journal of Engineering and Technology Studies (IJELTS).
- Presented three distinct research papers covering "AI Ethics and Responsible AI Development" (ICRTAC 2024), "Blue Eye Technology in Patient Care" (IVCCCCP), and "Cyber Security Strategies for Nuclear Power Plants" (IVCCCCP) at national and international conferences.

Certifications

- **CCNA: Introduction to Networks** – Cisco Networking Academy
- **Java Foundations** – Oracle Academy
- **MongoDB for Beginners** – MongoDB University
- **Human Computer Interaction (98%)** – NPTEL Elite + Topper
- **Introduction to Internet of Things (92%)** – NPTEL Elite + Topper

Leadership & Responsibilities

Program Coordinator | *FSEC Coding Club*

- Coordinated technical activities and student engagement initiatives.
- Assisted in organizing coding events and knowledge-sharing sessions.

Workshop Trainer | *From Beginner to Builder: Chatbots & AI Agents*

- Conducted a hands-on AI workshop for 50+ junior students introducing chatbot architecture and prompt engineering concepts.

Volunteering Experience

Volunteer | *One Life Job Fair*

- Assisted in organizing large-scale recruitment activities and coordinated participant logistics.
- Supported event operations and collaborated with teams to enhance the overall job fair experience.
